

In order to plan for efficient, effective, safe, equitable and reliable transportation systems, the County must have the input of its public. The County spends extensive staff and financial resources in furtherance of this goal and strongly encourages the participation of the entire community. Any person may attend any Board of County Commissioner (BOCC) Meeting including Committee Meetings and speak during the Public Comment portion of the agenda concerning a matter of the BOCC business or concern of the person. Persons should check the BOCC's website at www.nassaucountyfl.com for a list of scheduled meetings and agendas. Persons may also call the County Administrator's Office to receive a calendar of upcoming meetings. Meeting location is accessible to the disabled. The BOCC and/or staff members also attend other Community meetings as necessary or when invited.

The Nassau County Board of County Commissioners (County) values diversity and welcomes input from all interested parties, regardless of cultural identity, background or income level. Moreover, the County believes that the best programs and services result from careful consideration of the needs of all of its communities and when those communities are involved in the transportation decision making process. Thus, the County does not tolerate discrimination in any of its programs, services or activities. Pursuant to Title VI of the Civil Rights Act of 1964 and other federal and state authorities, the County will not exclude from participation in, deny the benefits of, or subject to discrimination anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status.

Section 504 of the Rehabilitation Act of 1973 (Section 504), the Americans with Disabilities Act of 1990 (ADA) and related federal and state laws and regulations forbid discrimination against those who have disabilities. Furthermore, these laws require federal aid recipients and other government entities to take affirmative steps to reasonably accommodate the disabled and ensure that their needs are equitably represented in transportation programs, services and activities.

- (b) If possible, the complaint should be submitted in writing and contain the identity of the complainant; the basis for the allegations (i.e., race, color, national origin, sex, religion, age, disability or family status); and a complete description of the alleged discrimination. If the complaint cannot be submitted in writing, the complainant should contact the Title VI/Nondiscrimination Coordinator for assistance.

For example, complaints of discrimination related to Florida Department of Transportation (FDOT) funded projects can be forwarded to the following address:

(3) ADA/504 Statement:

- (a) The County will make every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. The County encourages participation on its advisory committees, public involvement activities and all other programs, services and activities by the disabled community and disability service groups.

- (b) The County encourages the public to report any facility, program, service or activity that appears inaccessible to those who are disabled. Furthermore, the County will provide reasonable accommodation to all individuals who wish to participate in public involvement events or who require special assistance to access facilities, programs, services or activities. Because providing reasonable accommodation may require outside assistance, organization or resources, the County asks that requests be made at least ten (10) calendar days prior to the need for accommodation. Questions, concerns, comments or requests for accommodation should be made to the County's ADA/504 Coordinator.

(4) Limited English Proficiency (LEP) Guidance:

- (a) Title VI of the Civil Rights Act of 1964, Executive Order 13166, and various directives from the US Department of Justice (DOJ) and US Department of Transportation (DOT) require federal aid recipients to take reasonable steps to ensure meaningful access to programs, services and activities by those who do not speak English proficiently. To determine the extent to which LEP services are required and in which languages, the law requires the analysis of four factors:
- (i) The number or proportion of LEP persons eligible to be served or likely to be encountered by the County's programs, services or activities.
 - (ii) The frequency with which LEP individuals come in contact with these programs, services or activities.
 - (iii) The nature and importance of the program, service, or activity to people's lives and;
 - (iv) The resources available to the County and the likely costs of the LEP services.
- (b) Based on 2010 census data, the County has determined that LEP individuals that do not speak English proficiently represent less than 1% of the community. LEP individuals rarely contact the County, however it is important to note that the County will work with the LEP individuals, as needed. The County understands that its community profile is changing and the four factor analysis may reveal the need for more or varied LEP services and resources in the future. Persons requiring special language services should contact the County's Title VI/Nondiscrimination Coordinator.

(5) Public Involvement:

- (a) Persons wishing to request special presentations by the County; volunteer in any of its activities or offer suggestions for improvement of County public involvement may contact the Title VI/Nondiscrimination Coordinator identified above.

(6) Data Collection for Specific Programs:

- (a) Federal Highway Administration (FHWA) regulations require federal-aid recipients to collect racial, ethnic and other similar demographic data on beneficiaries of or those affected by transportation programs, services and activities. The County accomplishes this through the use of census data, and

other methods. From time to time, the County may find it necessary to request voluntary identification of certain racial, ethnic or other data from those who participate in its public involvement events. This information assists the County with improving its targeted outreach and measures of effectiveness.

(7) Assurances for Specific Programs:

- (a) Every three years the County must certify to FHWA and FDOT that its programs, services and activities are being conducted in a nondiscriminatory manner. These certifications are termed "assurances".
